

## Trusted Foundry Program

5g'cZ %: 96' &\$%&

### Accredited Suppliers

Important: Many of the following suppliers have a standard commercial (untrusted) product flow in addition to a trusted product flow. The "Trusted Product Flow" must be explicitly requested from the points of contact below to ensure the resulting product and/or service is trusted. A trusted supply chain begins with trusted design and continues with trusted mask, foundry, packaging/assembly, and test services.

| Supplier  | CAGE Code | Facility Location      | Scope of Accreditation                                | POC   | Email Address  | Telephone Number                   |
