

Trusted Foundry Program

Accredited Suppliers 10-24-2017

Accredited Suppliers

Important: Many of the following suppliers have a standard commercial (untrusted) product flow in addition to a trusted product flow. The "Trusted Product Flow" must be explicitly requested from the points of contact below to ensure the resulting product and/or service is trusted. A trusted supply chain begins with trusted design and continues with trusted mask, foundry, packaging/assembly, and test services.
